Currently, it is looking for a **Physician** who is self-motivated, committed, result driven and self-motivated to work with the company.

Duties and Responsibilities:

- Provide comprehensive medical care to patients through diagnosis, treatment, and disease prevention within the scope of internal medicine.
- Conduct thorough medical examinations and interpret diagnostic tests to determine patients' health status.
- Develop and implement evidence-based treatment plans tailored to individual patient needs.
- Monitor patients' progress and adjust treatments as necessary for optimal outcomes.
- Offer consultation and guidance to other medical staff on complex or specialized cases.
- Ensure accurate and timely documentation of patient medical records in accordance with professional and regulatory standards.
- Collaborate effectively with other healthcare professionals to ensure coordinated and continuous care.
- Participate in clinical audits, case reviews, and quality improvement initiatives.
- Promote health education and preventive care among patients and the community.
- Maintain professionalism and composure while handling patients, relatives, colleagues, and authorities, even in high-pressure or emergency situations.
- Perform other related duties as may be assigned by the management.

Qualifications / Education Level:

- Doctor of Medicine (MD) degree from a recognized institution.
- Master's Degree (MMed) or equivalent postgraduate qualification in Internal Medicine or related specialty.
- Full registration and valid practicing license from the Medical Council of Tanganyika.

Requirements:

- Minimum of 1 year post-specialization clinical experience.
- Proven record of professionalism, integrity, and commitment to quality patient care.
- Strong clinical judgment, communication, and interpersonal skills.
- Demonstrated leadership, analytical ability, and effective time management.

Mode of Application:
