

# VACANCY ANNOUNCEMENT

## AUMS Geofields Tanzania Limited (AUMSGT)

AUMS Geofields Tanzania Limited (AUMSGT) is an international leader in mechanised hard rock underground mining. AUMSGT is part of Perenti (formerly the Ausdrill Group), an ASX 200 company and Australia's second-largest integrated mining services provider.

We are a global leader in hard rock underground mining. Together with Barmenco, we operate across Africa in Tanzania, Ghana, and Burkina Faso, with additional operations in Australia, Canada, and the USA.

Our continued success is driven by excellence in safety and performance, consistently exceeding our clients' expectations. The collective talent and expertise of our workforce are key to our success. We are seeking talented individuals to join our team — people who are loyal, committed to our company values, and dedicated to supporting our clients.

In return, we provide state-of-the-art facilities, equipment, and technology.

We invite applications for the following position:

---

### **Position: Boiler Maker**

**Location:** Geita Gold Mine, Geita

### **Position Purpose**

The Boiler Maker will be responsible for manufacturing, fabricating, and repairing metal structures and objects as directed by the immediate supervisor and trainer.

---

### **Duties and Responsibilities**

- Comply with all HS&E policies, procedures, and instructions.
- Correctly use safety devices and protective equipment.
- Promptly report hazardous situations that cannot be corrected personally.
- Take necessary action to eliminate or control hazards.
- Immediately report any accident or injury occurring during work.
- Comply with all company policies and procedures as amended from time to time.
- Take reasonable care for personal safety and the safety of others.
- Perform pre-start checks and SWICs.
- Ensure inspections and maintenance are carried out on all equipment before use.
- Minimise equipment downtime and maximise productivity.
- Maintain a high standard of housekeeping.

- Carry out weld repairs on machinery, buckets, and frames.
  - Build structural items for workshop and mining operations such as doors, lock-up areas, stands, and brackets.
  - Use equipment such as Air Arc, Oxy Acetylene, grinders, drills, etc.
  - Design structural items as required.
- 

## Minimum Requirements

- Good welding skills (Arc and MIG).
  - Minimum of 2 years' post-apprenticeship experience.
  - Good knowledge of cutting, design, and finishing skills in metal fabrication.
  - Excellent service and maintenance approach to work.
  - Willingness to learn and improve welding skills and experience.
  - Basic First Aid knowledge.
  - Valid Tanzanian Driver's License.
  - Completed secondary school education.
  - Post-trade skills certification.
  - Basic numeracy skills and good verbal/written English communication.
- 

## Application Information

If you possess the necessary skills, experience, and drive to become a valuable asset to the AUMS Geofields Tanzania Limited operations team, we encourage you to apply.

AUMS Geofields Tanzania Limited is an equal opportunity employer committed to workplace diversity.

**Note:** Only applications with a current Resume/CV attached will be considered.
