

# Job Vacancy Announcement

## AUMS Geofields Tanzania Limited (AUMSG T)

AUMS Geofields Tanzania Limited (AUMSG T) is an international leader in mechanised hard rock underground mining. The company is part of **Perenti** (formerly Ausdrill Group), an ASX 200 company and Australia's second-largest integrated mining services provider.

AUMSG T operates across Africa in **Tanzania, Ghana, and Burkina Faso**, and internationally in **Australia, Canada, and the USA**. Our success is driven by safety, performance excellence, and a highly skilled workforce.

We are an **equal opportunity employer** and invite qualified, committed, and safety-focused Tanzanians to apply for the following positions:

---

### 1. Position: Underground Fitter

**Location:** Geita Gold Mine, Geita

#### Position Purpose

Responsible for diagnostic fault finding on mechanical and electrical systems, breakdown repairs, and servicing of heavy underground mining equipment under the guidance of the Supervisor and Trainer.

#### Duties and Responsibilities

- Comply with all **Health, Safety & Environment (HS&E)** policies and procedures
- Correct use of PPE and safety devices at all times
- Report hazards, incidents, and injuries immediately
- Perform pre-start checks and SWICs
- Inspect and maintain equipment before use
- Ensure all tools are serviceable and safe
- Minimize equipment downtime and maximize productivity
- Liaise with Underground Shift Supervisor regarding equipment availability
- Carry out scheduled servicing according to service sheets
- Record all maintenance work accurately
- Maintain high housekeeping standards in workshops and work areas
- Read and interpret service and spare parts manuals
- Report faults to Maintenance Supervisor/Foreman
- Ensure compliance with site and maintenance procedures

## Essential Requirements

- Previous experience in **underground mining** (essential)
  - Experience with underground mobile equipment (Caterpillar, Normet, Sandvik, Mercedes, Toyota, RCT, Volvo)
  - Minimum **2 years post-apprenticeship experience**
  - Strong fault-finding and troubleshooting skills
  - Knowledge of loaders and truck maintenance
  - Competency in **auto-electrics, hydraulics, and diesel engines**
  - Tanzanian **Heavy Vehicle Driver's License**
  - Basic First Aid knowledge
  - Relevant trade qualification
  - Completed secondary education
  - Basic numeracy and English communication skills
  - Willingness to learn and improve skills
- 

## 2. Position: Grader Operator

**Location:** Geita Gold Mine, Geita

### Position Purpose

Responsible for grading underground and surface roadways to ensure safe and efficient mine operations as directed by the Underground Supervisor.

### Duties and Responsibilities

- Comply with HS&E policies and procedures
- Use PPE and report hazards, incidents, and injuries
- Perform pre-start checks and SWICs
- Maintain high housekeeping standards
- Grade development areas to provide safe operating surfaces
- Clean and manage spillages for removal by loaders
- Maintain underground roads to prevent tyre damage
- Assist in other operational areas as trained
- Work to minimize downtime and maximize productivity

### Essential Requirements

- Minimum **2 years underground mining experience** (desirable)
- Experience operating underground graders
- Valid **Tanzanian Driver's License (Light Vehicle)**
- First Aid Certificate

- Completed secondary education
  - Basic reading and writing skills
  - Willingness to assist in other duties as required
- 

## How to Apply

Interested and qualified candidates should submit:

- **Updated CV**
- **Detailed Covering Letter**

Email: [recruitment@aumsggh.com](mailto:recruitment@aumsggh.com)

**Application Deadline: 26th December 2025 at 18:00 hours**

Only applications with a **current CV attached** will be considered.
